

Precise 100 XS

- **Fingerprint reader for PC environment**
- **Increased security – no passwords or PINs to remember**
- **Reduced cost for password administration**
- **Simplified logon procedure**

Precise 100 XS is a fingerprint reader for PC and network access control. Fingerprints replace passwords and make the logon procedure quick and easy for the user. By using Precise 100 XS, it is possible to achieve an increased level of security while saving time and money on password administration issues.

Being one of the most compact and price effective biometric devices on the market, the Precise 100 XS attracts a wide range of users. Its ergonomic design makes the fingerprint sweep problem-free and usage successful.

Precise 100 XS is compatible with the BioAPI compliant Precise BioMatch™ software. With Precise BioMatch™ Standard all fingerprint information is stored and matched on a server or on a PC. Together with a stand-alone smart card reader, Precise 100 XS can also be used with the Precise Match-on-Card™ technology.

Precise 100 XS

PRODUCT FEATURES

- Fingerprint reader for PC environments
- Increased security - no passwords or PINs to remember
- Reduced costs for password administration
- Simplified logon procedure
- Plug'n Play installation

SPECIFICATIONS
