

Precise 100 AX

- **Fingerprint reader for PC environments**
- **Increased security - no passwords or PINs to remember**
- **Reduced costs for password administration**
- **Simplified logon procedure**

Precise 100 AX is a fingerprint reader for PC and network access control. Fingerprints replace passwords and make the logon procedure quick and easy for the user. By using Precise 100 AX, it is possible to achieve an increased level of security while saving time and money on password administration issues.

Being one of the most compact biometric devices on the market, the Precise 100 AX attracts a wide range of users. Its ergonomic design makes fingerprint placement problem-free and usage successful. It Plug and Play installs in the following Windows environments: Windows XP, Windows 2003, Windows 2000, Windows 98 and Windows Me.

Precise 100 AX is compatible with the BioAPI compliant Precise BioMatch™ Standard software. With Precise BioMatch™ Standard all fingerprint information is stored and matched on a server or on a PC. Together with a stand-alone smart card reader, Precise 100 AX can also be used with the Precise Match-on-Card™ technology.

Precise 100 AX

PRODUCT FEATURES

- Fingerprint reader for PC environments
- Increased security - no passwords or PINs to remember
- Reduced costs for password administration
- Simplified logon procedure
- Plug'n Play installation
- Dual-color LED indicator for device feedback

SPECIFICATIONS

General

- Size: 67 x 50 x 15 mm / 2.6 x 2.0 x 0.6 inches (L x W x H)
- Power consumption: Standby: 0.5 mA, Normal idle: 80 mA, Max: 100 mA
- Operating temperature range: 0 to 50° C / 32 to 120° F
- USB connection
- Microsoft WHQL approved
- FCC (Part 15 Class B) and CE certified
- UL 1950 certified
- ISO 9000/1 and ISO 14001 production certified
- Drivers: Windows® XP, Windows, 2003, Windows® 2000, Windows® 98 SE, Windows® Me

Biometric Reader

- Silicon fingerprint sensor - AuthenTec AES4000
- Capturing of up to 3 fingerprint images/second
